## VILLA NAMES ANGELES HEAD OF MEXICO

### BANDIT LEADER IS PROCLAIMED WAR SECRETARY

**Calls All to Rally for Action Against Carranza**

**BULLETIN.**  
NOGALES, Ariz., May 29.—Regardless of the announcement from the state department at Washington today that Mexican troops from Sonora would not be permitted to cross American territory enroute to Juarez, Mex., federal troops were reported tonight to be mobilizing at Epalme, Sonora, for shipment in bond thru this port.

Telegraphic advices from Epalme were to the effect that twelve box cars had been loaded with a contingent of approximately 600 men and that the troop train was scheduled to arrive here at four o'clock tomorrow afternoon.

WASHINGTON, May 29.—Villa forces have proclaimed General Felipe Angeles, provisional president of Mexico and Villa himself, secretary of war. The move, coming at the climax of military operations considered by the Carranza government so serious that it has asked the United States for permission to move troops thru Texas, New Mexico and Arizona, is regarded here as reflecting a situation more serious in Mexico than any since the triumph of Carranza forces over Villa three years ago.

American government officials are refusing to comment on the news until they receive official confirmation. There seems, however, to be no doubt of its authenticity.

Angels' reported proclamation announcing that Americans in Mexico would be protected is particularly interesting to officials here, coming as it does, on the heels of the refusal of the state department to grant Carranza's request that he be allowed to move troops thru American territory for the purpose of protecting Americans in Chihuahua. Acting Secretary Polk, announced today he had notified the Mexican government he could not grant the request made unless assurances could be given that Americans would be afforded protection while the troops were in transit. Felipe Angeles is well known to American officials thru his services to the French government during the European war as inspector of munitions in the United States. He is held in high esteem by the French government and was considered by the United States government, at the time of the Niagara Falls conference, the best selection for the Mexican presidential choice. Angeles name headed the list.

**Silva Receives News.**  
Dallas, Texas, May 29.—General Felipe Angeles has been declared provisional president of Mexico by Villistas and Francisco Villa has been proclaimed secretary of war, according to confidential information received here today by Dario W. Silva, formerly a member of Villa's staff.

The action was taken, it was announced at a meeting May 22, at Parral, present headquarters for the new provisional government. The first act of General Angeles was to issue a proclamation calling on all to rally for concerted action against the Carranzistas. The manifesto contained a clause guaranteeing protection to all Americans.

Silva declared he had information to cause him to believe Carranza, Chihuahua and Juarez would fall to Villa forces.

**Withholds Permission.**  
WASHINGTON, May 29.—President Carranza has been notified by the American government that permission for the passage of Mexican troops thru American territory will be withheld for the present. Mexico had asked permission to move 2,000 men from Agua Prieta to Juarez for operations against Villa.

It was said today officially that the decision was based upon the belief that the force it was proposed to move thru Arizona, New Mexico and Texas would not be able to protect American citizens in northern Mexico because the revolutionists had cut the road between Juarez and Chihuahua.

### Muster Out 833 Prairie Division Men

CAMP GRANT, Ill., May 29.—Eight hundred and thirty three Prairie division men were mustered out at Camp Grant today. Units demobilized this morning included division headquarters, 65th infantry brigade headquarters, companies A and B of the 122nd machine gun battalion, B and C of the 123rd machine gun battalion and F of the 122nd infantry. Tomorrow the entire 124th machine gun battalion will be mustered out.

**Prepare for Second.**  
Chicago, May 29.—Preparations were being made tonight to receive nearly 6,000 men of the second contingent of the Prairie or 33rd division next Monday with as tremendous a reception as was accorded the first section which arrived last Tuesday. The governor's committee today received the schedule of the fourteen special trains which are expected to arrive early Monday.

Altho Decoration day may strip the city of flowers, the committee is making special efforts to be able to shower the returning men with blossoms as was done last Tuesday. Tickets are being distributed to auxiliaries and to individuals—relatives and sweethearts of the men—for the greeting in Grant Park. The parade will start at 11 a. m. to be followed by dinner in hotels.

The unit of the second contingent will be the 67th infantry brigade headquarters, 109th infantry, 108th train headquarters and military police, 108th ammunition train and 108th supply train. Date of arrival—possibly the end of the next week—of the third contingent of the Prairie division has not yet been received here. That section will contain the 58th artillery brigade headquarters, 122nd, 123rd and 124th field artillery, 108th field signal battalion, 108th sanitary train and 108th engineers.

### EIGHTY MISSING IN MUNITIONS DUMP BLAST

LONDON, May 29.—(By the Associated Press.)—As a result of a fire in a building occupied by American troops in the Coblenz district and the explosion of a munition dump yesterday, eighty men are missing, according to a Cologne dispatch to the Exchange Telegraph Co.

A later dispatch from Cologne says that the fire and explosion occurred near the frontier of the Bavarian Palatinate which is in the foreground report bears a similarity to one received from the French area of occupation. London Tuesday night reported the destruction by fire of a barracks at Ludwigshafen on the Rhine opposite Mannheim, causing the death of forty soldiers and the injury of one hundred. This dispatch also was based on a German report coming from Berlin by way of Copenhagen to a London news agency. Ludwigshafen is in the French area.

### NEED MORE ELASTIC PROCEDURE RULE

DECATUR, Ill., May 29.—Need of a more elastic procedure rule, which would admit of changes being made by the courts themselves in the expediting of judicial work, was voiced by Orrin N. Carter, justice of the supreme court and chairman of the constitutional convention campaign committee in an address before the Illinois state bar association here today.

Justice Carter said he did not believe that written instructions from judges to juries should be required, that there should be some method whereby the supreme court of the state should be able to secure assistance when business overwhelmed the court and delayed decisions.

### KNOXVILLE GIVES YORK AN OVATION

KNOXVILLE, Tenn., May 29.—Sergeant Alvin C. York, "greatest American hero of the world war," was given an ovation today at Knoxville, enroute to Fort Oglethorpe where he will be mustered out.

"I want to go home to see mother first," York told a committee which invited him here for a reception after he leaves the service.

### DEMOCRATS CLOSE TWO DAY SESSION

**Urge Support to Perpetuate Wilson's Policies**

CHICAGO, May 29.—Members of the Democratic National committee closed a two day session tonight by adoption of a declaration offered by P. H. Quinn, national committeeman from Rhode Island, reviewing the achievements of President Wilson and the Democratic congressmen and urging the support of all independent and progressive voters in the 1920 campaign to perpetuate these policies.

**Approves Conduct of War.**  
The statement after mentioning the constructive and progressive legislation passed by the last Democratic congress approves President Wilson's conduct of the war and concludes as follows:

"Within twenty years our nation under a Republican administration conduct a foreign war. The record of the party in that war is still a matter of current reading and of public discussion. We simply ask the people to draw their own conclusions as to which party served its country best in war and peace. No American president with the possible exception of Abraham Lincoln was ever so persistently, purposefully and in many instances maliciously misrepresented and maligned, as our great leader has been and we believe that as he parallels Lincoln in that respect, so will the future history of our country view his accomplishments with the same high esteem as those of the great emancipator."

As the first national political organization to record itself in favor of woman suffrage and as the first to welcome the women into full participation in party councils, we deplore and condemn the dilatory tactics of the Republican party in the closing hours of the last session of congress which resulted in the failure of the suffrage resolution at a time when its proponents were assured of the requisite number of votes to accomplish its passage.

"At this time therefore, the Democratic party confidently asks the support of the independent and progressive electorate of the United States in the maintenance of the splendid achievement of President Wilson's administration and the perpetuation of these principles and policies."

**Want Amendment Ratified.**  
The committee also adopted a resolution calling on the legislatures of the various states to hold special sessions if necessary to ratify the woman suffrage constitutional amendment when it has been passed by congress as it is enabled women to vote at the presidential election in 1920.

D. Titman, a member of the senate committee of New Mexico read a resolution demanding the repeal of the federal espionage law and opposing all legislation restricting free speech, a free press and the right of free assembly and protesting against a large standing army and compulsory military training. He asked for immediate adoption of the resolution but there were objections and it was referred to a special committee for consideration.

The morning session was devoted to a conference with the women as the members of the national committee at Chicago presided. It was the first time in the history of the party that a woman occupied the chair of the national committee.

"The woman vote cannot be bought, it cannot be handled by ward heelers nor can it be carried off its feet by brass bands or spread eagle oratory," said Mrs. William P. Pattangall party club that will carry a message to the voters that the election of a Democratic president will mean much to them and their children. If we cannot vote for Woodrow Wilson in 1920, we want to vote for a man as near like him as possible."

**Meet With State Chairmen.**  
In the afternoon there was a meeting with state chairmen at which W. W. Farley of New York presided.

W. W. Durbin of Ohio declared that his state would remain in the Democratic column in 1920. Frederick VanVyns of Indiana made a vigorous attack on the political methods of Will H. Hays, national man of the Republican party, a standpat Republican at heart, altho he had succeeded in convincing many members of the Progressive party otherwise.

D. S. Wing of California, speaking for California, said that state would give its electoral vote to

### President Wilson Cables Memorial Day Message

WASHINGTON, May 29.—President Wilson has cabled the following Memorial Day message to the American people:

"My fellow countrymen: Memorial Day wears this year an added significance and I wish it only by a message to take part with you in its observance and in expressing the sentiments which it inevitably suggests. In observing the day we commemorate not only the reunion of our own country but also now the liberation of the world from one of the most serious dangers to which free government and the free life of men were ever exposed."

"We have buried the gallant and now immortal men who died in this great war of liberation with a new sense of consecration. Our thoughts and purpose now are consecrated to the maintenance of the liberty of the world and of the union of its people in a single comradeship of liberty and of right. It was for this that our men conscientiously offered their lives. They came to the field of battle with the high spirit and pure heart of crusaders."

"We must never forget the duty that their sacrifice has laid upon us of fulfilling their hopes and their purpose to the utmost. This it seems to me is the impressive lesson and the inspiring mandate of the day."

"Woodrow Wilson."

### FOUR TRANSPORTS REACH NEW YORK

NEW YORK, May 29.—More than 2,100 officers and men of the 79th division arrived here today from St. Nazaire, on the Koonland, which brought altogether 3,811 troops.

Some seventy ninth units are assigned to Camps Dodge and Grant.

Also on the Koonland were the 20th engineers, for camps throughout the country; the 648th aero squadron; 58 sick or wounded men and casualties.

The steamship Cape May from Bordeaux brought thirty officers and 1,895 men of the 326th infantry, 82nd all-American division. These are draft troops from all parts of the country. The 326th's details arriving are field and staff headquarters, detachments of first battalion headquarters, medical detachments, machine gun company and Companies A, B, C, E, G, I and K.

Officers of the Cape May claim the world's record for loading troops. She arrived at Paulat, France, at 4:50 p. m. May 16th, and loaded 1,939 troops and departed homeward bound at 6:02 p. m., seventy minutes later.

One of the casualties was Robert Hartley, Quincy, Ill., who has been with the army of occupation as a Y. M. C. A. entertainer. Hartley left the University of Kansas and enlisted in the American army in the fall of 1917. Later he was discharged for physical disability, being blind in his left eye. He then joined the Canadian army, but the officers refused to send him overseas. He was then allowed to transfer to the British army and went overseas with the British photographic corps in March, 1918.

The steamship Italia from Marseilles brought 1,067 troops. A majority of these are casuals discharged on furlough or still in service, these last including 17 from Illinois. Units on the Italia include Companies A, B, and C, and headquarters, supply and medical detachments of the 319th field signal battalion, 94th division mostly for Camps Grant and Dodge.

From Bordeaux on the Julia Luckenbach brought home Company A of the 39th infantry, small detachments of the 311th and 312th infantry, and Companies A to H inclusive and headquarters and supply companies of the 319th infantry. These troops are assigned to 15 camps.

### GREEK COMMISSION GOES TO SMYRNA

PARIS, May 29.—(By the Associated Press.)—The Greek government has sent a high commissioner to take charge of affairs in Smyrna, according to news received in French circles. The same source it is learned that the Turks have called a meeting of the great council for today.

The populace of Constantinople is reported to be very nervous but no disturbance has occurred.

### GERMAN TRAIN AT VERSAILLES

Versailles, May 29.—(By the Associated Press.)—A special train equipped with wireless, which was used by German general headquarters and the former German emperor, arrived at Versailles today. The train consists of five coaches in one of which the transmitters and receivers are installed. The antennae can be lowered when the train goes thru tunnels.

### MAIL CLERKS RETURN TO WORK IN WINNIPEG

WINNIPEG, Man., May 29.—(By The Canadian Press.)—Winnipeg's strike may be settled by Monday, it was believed here today when the metal trades employers accepted an offer of the railway trainmen's union to act as mediators on the collective bargaining issue. The dispute between metal workers and employers precipitated the general strike here May 15.

It had been believed possible that on Friday the terms of peace to Austria would be ready for submission by the council of four to the representatives of the smaller nations, this however, has been found impracticable owing to the necessity to embody in the treaty the new agreement as regards the Adriatic claim in the Adriatic region. Nevertheless the envoys of the smaller nations will hear the document read Friday and it is possible that the early week will witness the handing of the treaty to the Austrians at St. Germain.

Unofficial advices concerning the settlement of the Adriatic issue are to the effect that Fiume, the chief bone of contention between the Italian and the other members of the council of four which Italy desired as her own but which President Wilson and Premier Lloyd-George and Clemenceau declined to concede her, is to become independent. Italy, report has it, is to obtain certain of the Dalmatian Islands and England owes a role.

**SAYS TREATY DOES NOT SATISFY U. S.**  
BERLIN, Wednesday, May 28.—(By the Associated Press.)—The semi-official Wolff bureau is circulating a story under an Amsterdam date which asserts that the United States is "becoming increasingly dissatisfied with developments at Versailles" and that there is an "unmistakable strengthening of the inclination for an understanding with Germany through a modification of the peace terms."

A correspondent of a German newspaper at Versailles claims the Poles are especially favored by the entente because they propose to take over Russia's debt to France which totals \$20,000,000,000 francs.

### WOULD DECORATE PLANE COMMANDERS IN ELEVEN STATES

SAN FRANCISCO, Cal., May 29.—With the circulation of the National Prohibition amendment actually begun in Oklahoma and Nebraska the amendment now is being attacked in eleven states by referendum. Theodore A. Bell, attorney for the California Grape Protective Association was informed here today. Executives of the association announced that nothing further will be done in Oregon where a writ of mandate against the petitions was sustained on the ground that the action of the legislature in ratifying the national amendment was a resolution and not a law and therefore not subject to referendum.

The Washington supreme court held that such resolution was referendable.

The other states were petitions are being circulated are California, Washington, New Mexico, Colorado, Missouri, Ohio, Arkansas, Michigan and Maine, Mr. Bell said.

### BUYS PLOW COMPANY

Chicago, May 29.—The International Harvester Co. has bought the Chattanooga Plow Co. of Chattanooga, Tenn. This supplements the recent acquisition of the Parlin and Orendorff Co. of Canton, Ill.

### RECOGNIZES KOLCHAK

PARIS, May 29.—The royal government of Montenegro announced that it has recognized Admiral Kolchak as head of the government of Great Russia.

### ALLIES HAVE HUN REPLY TO TREATY

**Council Will Digest Enemy Views and Decide Quickly**

[By The Associated Press.]  
The representatives of the allied and associated powers at last have before them the answer to the terms of the peace treaty.

Under the program adopted by the peace congress the reply of the Germans to the various clauses of the treaty, consisting mainly of counter proposals seeking to lessen the severity of the allied terms will be considered by the members of the council of four who will digest the views of the enemy and report back their decision as quickly as possible.

This decision is to be final and Germany then will be compelled either to sign or reject the treaty.

In case of a declaration to sign, British, French and American troops are prepared to take such steps as Marshal Foch may deem necessary while at sea the blockade against Germany is ready to be tightened again. A plan of the allies to have Switzerland, in the event of a refusal by Germany to sign enforce a more severe blockade against Germany. If necessary is reported to have failed. Switzerland claiming this would infringe Swiss neutrality.

**Delay Austrian Treaty.**  
It had been believed possible that on Friday the terms of peace to Austria would be ready for submission by the council of four to the representatives of the smaller nations, this however, has been found impracticable owing to the necessity to embody in the treaty the new agreement as regards the Adriatic claim in the Adriatic region. BERLIN, Wednesday, May 28.—(By the Associated Press.)—The semi-official Wolff bureau is circulating a story under an Amsterdam date which asserts that the United States is "becoming increasingly dissatisfied with developments at Versailles" and that there is an "unmistakable strengthening of the inclination for an understanding with Germany through a modification of the peace terms."

### Withhold Pact With Austria Until Monday

PARIS, May 29.—(By the Associated Press.)—The Austrian treaty, which was to have been presented to the Austrians tomorrow, has been withheld until Monday. The smaller powers of Eastern Europe asked for more time before giving their assent to the treaty. This was accorded by common consent and the plenary session for agreeing to the treaty went over to Saturday while the presentation of the document to the Austrians was postponed until Monday.

The change in the plans came unexpectedly this afternoon as the allied powers gathered in secret session at the foreign office for the purpose of passing on the terms. The session was largely attended and great crowds assembled in front of the building to give President Wilson, M. Clemenceau, Premier Paderewski and other notables welcoming salutes as they arrived.

The Marquis Imperiali and the other new members of the Italian delegation were present for the first time.

The parts of the treaty already completed omitting the military terms, reparations and sections of the frontier settlement were distributed to the delegations in printed form and M. Tardieu was about to supplant these with a general summary of the document. The expectation was that this would be followed by a vote of approval, permitting the instrument to be delivered Friday.

**Requests Extension.**  
At the outset, however, Premier Bratiano gained recognition. He said that in behalf of Poland, Serbia, Rumania and various countries whose interests were vitally affected by the treaty they wanted 48-hours more time for the examination of the document.

Mr. Bratiano, emphasized the fact that the only desire of the smaller powers was to have sufficient time to understand the terms. He made no motion beyond the request for 48-hours.

M. Clemenceau asked if any discussion was desired. No objection being made, Mr. Clemenceau with his usual finality said the request for enterprise seemed the request for enterprise. He said he would announce that an additional 48-hours would be granted. The postponement was without pre-arrangement and took the delegates by surprise. The feeling was general that the smaller powers were fully justified in asking for more time.

President Wilson and the members of the American delegation proceeded immediately to American headquarters.

### SAYS ENTENTE MUDDLED PEACE

DRESDEN, Wednesday, May 28.—(By the Associated Press.)—Her Schwartz, economic minister, who has returned here from Versailles after his withdrawal from the German peace delegation which he had criticized asserts that the peace situation in Paris has been badly muddled by the entente leaders. Mr. Clemenceau has been badly muddled by the entente leaders, he says, to induce the French people to believe that Germany would make complete reparation.

President Wilson's policies, he declares, are clearly discernible in an attempt to drive a wedge between Germany and Russia as betrays fear of an understanding between Germany, Russia and Japan which would be bound to be inimical to Anglo-American interests.

### ATTORNEY SUES JUDGE FOR \$75,000

CHICAGO, May 29.—Attorney John L. Metzger, of Chicago, who was married February 12, 1918, at Staunton, Ill., by citizens who suspected him of being counsel for an I. W. W. today filed suit for \$75,000 against Judge Charles M. Thompson of the appellate court and Attorneys Frank M. Fairfield and Elmer Brothers. He also filed suit for \$100,000 against the Chicago Bar Association and its grievance committee and two attorneys for the committee.

The suit against the judge and the lawyer alleges the latter sent a telegram to the mayor of Staunton after the bar party, which read:

"For treatment heartily approved by Chicago bench and bar, but why send him in this direction?"

### ROB BANK MESSENGER

Chicago, May 29.—Three automobile bandits robbed a bank messenger of \$3,200 today and one of them turned him over to a grocer as "dangerous character" while he went to call the police. It was some time before the messenger could convince the grocer he was the victim.

### ENGLAND'S BILL FOR U. S. TROOPS \$82,000,000

**Charge \$82 Each for Transporting Million Overseas**

WASHINGTON, May 29.—England's bill for transporting a million American soldiers across the Atlantic in British ships is approximately \$82,000,000. This and the fact that President Wilson advanced \$5,000,000 of his special fund—and probably more—to the Czech-Slovaks, were the two chief developments of today's hearing of Secretary Baker, General March and other war department officials before the last house military committee. The army appropriation bill which failed at the last congress was under discussion.

"The president assisted two of the Czech-Slovak corps," said General March, "from money at his disposal to the extent of five million dollars and I think he has given them allotments since so that the Czechs could get arms. The charge was to be ultimately against the Czech-Slovak country which the allies proposed to organize in central Europe. It is a regular debt like any other debt between nations."

This, so far as known, was the first information congress had heard of advances of money to the Czechs from the president's fund.

### Transportation Bill.

The British bill for transporting American troops caused considerable discussion. Brig. Gen. Hines, director of transportation said Great Britain originally asked \$150, for transportation for each soldier to France but cost finally was reduced to \$81.75.

Thirty-five million dollars already has been paid. Congressmen asked if the general did not think the charge excessive, but he replied he believed the cost of transporting troops in American ships would turn out to be higher.

Secretary Baker renewed his recommendation that the provision be made for the maintenance of an army of 509,000 men during the next year. He said it would be impossible at this time to determine accurately what the average number of men would be for the year and that it would be unsafe to provide for less than would be needed.

General Marsh, reviewing progress in demobilization said facilities had now been provided for the return of 365,000 men a month and that if the peace treaty were ratified and an army of occupation found unneeded, every soldier in Europe could be returned by September 1. The general said demobilization in Germany camps in this country also was progressing rapidly so that civilians were being employed to take the places of soldiers at a marked saving to the government.

Questioned regarding the reason for retaining drafted American soldiers in Russia and Siberia, General March said they were being replaced rapidly by enlisted men.

**Discuss Disposition of Bodies.**  
Whether bodies of American soldiers should be left in France was brought up by several members, who declared there was a feeling thruout the country for bringing the bodies back.

Secretary Baker said that personally, he favored large national cemeteries in France, "where the men could rest in the land which they died to save."

"I realize, however," he added, "that many fathers and mothers want the bodies brought back, and I am in complete sympathy with their wishes. However, since it would be impossible to start now in returning the bodies, the question can be postponed."

### RECOVER TWO BODIES

Cedar Rapids, Ia., May 29.—Two bodies were recovered from the ruins of the Douglas Starch plant today, bringing the total number of dead to 29.

In the past we have often been told that in Canada they were never bothered with labor troubles and strikes. Times have evidently changed in the Dominion.

Now it is rumored that Plume is to be a free port. There has been so much wrangling over the question that something should be done to quiet the fuming.

Senator Robinson, of Arkansas, put a hard proposition up to Senator Reed, of Missouri, when he proposed that they both resign their jobs and leave it to a vote of the people as to whether they should return to the halls of the senate. That may be safe enough for the man from Arkansas but the Missourian was unwilling to take any risks.

June 8th to 14th has been proclaimed as Boy Scout week by the president, who urges all to help in the work of making the organization larger. An attempt will be made to strengthen the organization by increasing the boy membership and at the same

time an effort will be made to secure a million associate members from the men and women interested in the work. In our own city many of the members of the Scouts made themselves very useful in many lines during the war period and won the friendship of many. But while we are endeavoring to help the boys the "Camp Fire" girls should not be neglected.

It is refreshing to see a low or cut-rate railway excursion advertised again. Teachers attending the National Education Association in Milwaukee June 28th to July 5th have been granted a special rate of one and one-third fare for the convention. The teacher starting for Milwaukee should buy a one way ticket, taking a receipt or certificate from the agent. At Milwaukee the teacher should present to a certifying representative of the railroad administration her credentials as a member of the National Educational association, with the receipt for the one way trip and permission will be granted to purchase a ticket home by the route taken to Milwaukee, for one-third of the usual fare.

## SHOWING INTEREST IN EMPLOYEES.

The announcement by J. Capps & Sons of a voluntary increase in the wages of employees indicates the prosperous business of the firm and also their sincere interest in the welfare of their employees. The increase will be the more appreciated from the fact that the action was entirely voluntary and employees were not familiar with the fact that such an increase was in contemplation. The Capps Mills thru many years has ranked as one of the most important business enterprises of Jacksonville, affording employment to several hundred men and women.

In more recent years the busi-

ness has been enlarged and the Capps phrase "From the raw wool to the finished garment" is almost a national slogan. The Capps mill is not only important in the business assets of Jacksonville but also makes a large contribution to citizenship, for members of the firm and many of their employees show their continued interest in all movements that make for the betterment of Jacksonville.

## SOLDIERS OF

## YESTERDAY AND TODAY.

Too much of honor cannot be shown to old soldiers today. The graves of the heroic dead will be decorated and recognition given to the surviving heroes. Each year shows a lessening group of veterans of the civil war and as the ranks are thinned out men and women younger in years seem to have a new realization of their debt to the warriors of other days.

There is no denying, too, that world war events—the raising of a great army in the U. S., the cemeteries where American heroes lie buried under French sod—have all combined to give a new reverence to the boys of '61. Decoration day of 1919 is here. Do not fail to make your contribution to the sum total of honor shown, for the program of exercises today will recognize the worth and services of soldiers both old and young.

## Motoring.

I leave the city's noise behind,  
its stone and brick built sectors,  
forsake a while the beastly grind,  
and all the bill collectors. I  
climb on high the verdant hills,  
the azure heavens o'er me, forgetting  
bailiffs and their bills and all the things that bore me. It is a pleasant thing to go away from  
toil and knitting; my car is working  
like a ja, its cylinders all hitting.  
Oh, Scott may sing of Loch-in-var,  
whose charger was a hummer; but give to me the modern car,  
and long, long days of summer.  
I chug along by wood and glade  
and by the babbling waters, salute  
the farmer with his spade, and gossip  
with his daughters. At intervals my car I stop, some  
quaint old signboard reading; and now  
and then a rural cop would run me in  
for speeding. I loaf along, eight miles an hour,  
the motor working nifty, and then, to show  
I have the power I shove her up to fifty.  
Through dale and dell, on dune and down, I throw  
the dust behind me; and tired collectors  
scour the town with bills, and cannot find me. I look around  
in silent glee upon the landscape's splendor,  
until I run against a tree and bust a wheel and fender.  
Then I go limping back to town,  
my kind of luck berating; and find the bailiffs  
all camped down in stern and watchful waiting.

## DEATHS

## Mollenbrok

Death came about 5:15 o'clock Thursday morning to Miss Barbara Mollenbrok at the family residence, 827 West Lafayette avenue. Miss Mollenbrok who was the daughter of Mr. and Mrs. F. W. Mollenbrok, was born in Jacksonville Dec. 4, 1882. Although she was able to attend the parochial schools, from the days of her childhood the deceased did not have normal strength. As the years went by her weakness grew, and so the greater part of her life was spent within doors. As is true of most "shut-ins" Miss Mollenbrok became a patient and cheerful sufferer and thru all the years maintained a brightness of spirit, altho members of the family and immediate friends knew that pain and suffering were her lot.

Three months ago her condition became materially worse and altho all that medical skill could suggest was done, the family knew that the end would be at no distant date. Wednesday the deceased seemed to feel stronger and brighter than had been true for several months, but at an early hour Thursday morning there came a sudden change and her life went out at the hour indicated.

In early days of life Miss Mollenbrok became a member of the Church of Our Savior and lived in strict conformity to its teachings and spirit.

The deceased is survived by her parents, Mr. and Mrs. F. W. Mollenbrok; two sisters, Mrs. J. B. Gray of East North street and Miss Lena Mollenbrok at home, and two brothers, Fred W. Mollenbrok of Detroit, Mich., and Albert Mollenbrok of this city.

The funeral service will be held at 8:30 o'clock Saturday morning at the Church of Our Savior.

## Matrimonial

## Rexroat-Thompson.

Vernon Rexroat and Miss Frances Stewart Thompson, both of this city, were united in marriage at the home of the bride's grandmother, Mrs. W. F. Thompson in Roodhouse Thursday afternoon at 2 o'clock. The ceremony was said by the Rev. Mr. Williams and was witnessed by only immediate relatives. Following the ceremony hearty congratulations were given the newly married couple and a luncheon was served.

The bride is the daughter of Mr. and Mrs. Charles Prentice Thompson of 729 West State street. She was born in this city but had resided with her grandmother in Roodhouse for a number of years.

She attended the local public schools and later took a business course at Brown's Business College. For some months past she has most capably filled the position of stenographer at the city hall.

The groom is the son of William Rexroat of Arenzville. He also attended Brown's Business college and at present is engaged in business in this city.

After a brief wedding trip to the south they will be at home at 724 West State street.

## Dr. and Mrs. Pitner's Wedding Anniversary Observed.

Wednesday was the thirtieth wedding anniversary of Dr. and Mrs. T. J. Pitner, and a number of their friends planned and executed a most delightful surprise in honor of the occasion. The company included approximately sixty persons and several hours were spent at Fairview, the home of Dr. and Mrs. Pitner. In the course of the evening light refreshments were served, prepared by the self-invited guests.

The wedding of Dr. and Mrs. Pitner was solemnized at the First Presbyterian church in Springfield, May 28, 1889, and a number of those present at the anniversary celebration Wednesday witnessed the ceremony of thirty years ago. Following their marriage Dr. and Mrs. Pitner were guests for a few days of Dr. and Mrs. W. F. Short at Illinois Woman's College here and later went on a wedding journey abroad. Upon their return they established their home in this city and have since been numbered among Jacksonville's most prominent and esteemed citizens.

One of the guests at the recent celebration was Col. D. C. Smith of Normal, Col. Smith was a member of the Pitner wedding party and each year comes to Jacksonville to join in the observance of the anniversary. He was accompanied to the city by his daughter, Miss Alice Smith, who has but recently returned from Red Cross overseas service.

## GEORGE GERLACH IS PRESENTED WITH RING

Retiring Chancellor Commander of Favorite Lodge Knights of Pythias Given Emblem of Order—Candidates Receive Rank of Knight.

At the regular session of Favorite Lodge No. 376 Knights of Pythias held Thursday evening, George Gerlach, retiring chancellor, was presented with an emblem ring by L. B. Turner in behalf of the lodge for faithful services rendered for the past two years as chancellor commander and also as musician for the lodge.

The taken completely by surprise Mr. Gerlach responded briefly and expressed his appreciation of the gift and the spirit in which it was given.

The rank of knight was conferred upon Elmer C. Meyer, A. L. Bryant and Charles Magill. There was a large attendance, about seventy-five being present and a snoker followed the business session.

## ACCUSE WOMAN OF MURDERING HUSBAND

Chicago, May 29.—Mrs. Grace Strange of Highland Park, a suburb, was arrested today on order of State's Attorney James G. Welch of Lake County who accused her of the murder of her husband, Herbert T. Strange, who died suddenly, May 15th. The authorities say he died of poison. The accused widow is the mother of four children.

State's Attorney Welch declared that he expects to prove that Mrs. Strange had a love affair with another man and wished to be rid of her husband. He said she had returned from Florida for the express purpose of obtaining the desired riddance, only a week before Strange's death.

Strange was a conductor of the Chicago, North Shore and Milwaukee Electric Railway, formerly the Chicago & Milwaukee Electric railway of which Mrs. Strange's brother, Robert Lives, was for many years superintendent.

Mrs. Strange expressed amazement when arrested. She declared she was innocent.

## CONTROVERSIES CAUSE PHYSICAL ENCOUNTER

CHICAGO, May 29.—Recent controversies within the sanitary district of Chicago, one of the numerous taxing bodies here handling millions of dollars annually and with vast property holdings and authority over and along several Illinois streams culminated today in a physical encounter in a board meeting when Trustee Carr struck Willis O. Nance in the face. Witnesses separated the men.

The incident followed introduction by Trustee George W. Paullin of a resolution calling for an investigation of the body and its personnel. Nance had led a minority in opposing moves of the controlling faction of which Trustee Paullin is a member. All are Republicans except Carr.

Control of the board is credited to trustees belonging to the Republican party factions of which Mayor Thompson and former Governor Deneen are leaders. Trustee Paullin's resolution stated, "Injurious statements" made recently called for an investigation to protect the board members and employees.

## PRODUCED CANCELLED CHECKS

Mount Clemens, Mich., May 29.—Counsel for the plaintiff in the \$1,000,000 libel suit of Henry Ford against the Chicago Daily Tribune today produced in Judge Tucker's court cancelled checks showing that the company had actually paid libel funds to dependents of employees, who went with the national guard to the Mexican border in June, 1916.

Frank Goveia will spend Decoration day in White Hall visiting relatives and friends.

OAKLAND  
SENSIBLE SIX

The Oakland "Sensible Six" carries a six-cylinder engine, it having been found that such an engine gives greater satisfaction and better results than any other type. There is ample power for all purposes, rapid acceleration, flexibility on high gear, smoothness and lack of vibration, simplicity, accessibility to vital parts, freedom from trouble, economical operation and low first cost. The Oakland is the only "Six" car today selling under \$1200—it is a leader.

The Oakland is foremost in light-weight construction, yet retains beauty and sturdiness. The features found in the Oakland are those which usually are looked for only in the higher priced cars. The bodies of the various models are unusually roomy, wide, deep seats and large doors. Upholstery and finish is all that can be desired.

## Story's Exchange,

**FARM PROPERTY**  
The judgment of the most men is good, but some good men lack the nerve to back their judgment. This is the case with the land we are offering. It is a fine piece of land, well located, and will get cheaper before they buy. While their best judgment would be to buy now.  
(1) One mile from a good town on the C and A. and an easy drive of sixty minutes out of Jacksonville, by auto we have a half section of excellent timber land of which over 30 acres are in native blue grass which has never been plowed. Eighty acres in crop. Good little house, large barn, stock scales, good house and other outbuildings. This land is in an excellent location adjoining land that can't be had for \$50 per acre and right here at home of the season. Price \$125.00 per acre.  
(2) 30 acres, southeast of the city near a modern high school, church and shipping point, with a nice six room cottage and other necessary buildings. Price \$25.00 per acre.  
(3) 20 acres, five miles from the city running from black prairie to timber edge land. Well tiled and two full sets of improvements. We consider this one of our best offers. Price \$25.00 per acre.  
**CITY PROPERTY.**  
(a) A nice four room cottage all in first class condition. Price \$1200.00, easy terms.  
(b) A six room cottage in the fourth ward, modern throughout for \$3000.  
(c) In the second ward we have a 2 1/2 story modern home, modern, oak floors, full concrete basement, complete in every detail. Price \$6000.  
(d) In the second ward we have a fine modern home for \$6000.  
(e) In the fourth ward we have a nice new modern home with barn, garage, chicken yard and garden for \$5000.  
(f) In South Jacksonville we have a splendid building lot on the car line for \$1000.  
(g) On South Main street we have a nice eight room house with barn, and other outbuildings, all nearly new for \$4000.  
These farms and city properties are just a few samples of the stock we have on hand. Don't think for a minute this is all we have. If you've never been to the office of STORY'S EXCHANGE you should come up for a little while and get acquainted. We have already this year closed deals amounting to nearly half a million of dollars which gives us some reason to believe that we can sell some more.

## DEMOCRATS CLOSE TWO DAY SESSION

(Continued from Page 1)

The Democratic presidential candidate in 1920.

A. Mitchell Palmer, U. S. attorney general, Franklin D. Roosevelt, assistant secretary of the navy and Chairman Homer S. Cummings were the principal speakers at a dinner given the members of the committee tonight by Charles Boeschenstein, committeeman from Illinois. Franklin D. Roosevelt predicted that by next year it would be clear to the American people that the Republican party was the conservative party of the United States and that the Democratic party was the progressive or liberal party. He said there protest against the organization of congress by reactionary leaders was the dying spasm of the liberal spirit in the ranks of the Republican party.

Chairman Homer S. Cummings vigorously attacked President Wilson's critics and said the Republican leaders were attempting to mobilize the forces of discontent in order to defeat the Democrats. He said he was proud of the power of the United States and proud of the manner in which that power had been used under the leadership of President Wilson. He described the league of nations covenant as the "greatest document of human liberty ever prepared by the hands of man" and added that it was inconceivable that the malice of a few will be permitted to deny to America and the world the benefits of a lasting peace.

## AMERICANS FIGHT IN CONTINUOUS DAYLIGHT

ARCHANGEL, Tuesday, May 27.—By The A. P.—The first American unit to sail for home will be a battalion which has held the Vologda railway front. The few American infantry and engineer detachments still in the front line are fighting in continuous daylight. There is no midnight sun, but for two or three hours after eleven o'clock at night there is hazy twilight.

Villages along the Terek coast, which is the land locked southern shore of the Kola peninsula, have been relieved from starvation by an American Red Cross ship which has returned here after penetrating the ice floes. This ship was the first craft to visit the villages since last autumn.

Large crowds witnessed a parade today of the British relief force which arrived yesterday. The soldiers are picked men and created a fine impression.

## INDICT NINETEEN

Chicago, May 29.—A special grand jury today returned indictments against nineteen voting precinct officials, three of them women. Conspiracy to make a false canvass of the vote in the last November 5th election was charged.

## MOVE TO DISPOSE OF ARMY MEAT SUPPLY

WASHINGTON, May 29.—First steps by the war department toward disposition in this country of part of its enormous surplus of canned and cured meat were taken today with the mailing of invitations for bids to 1,200 state and municipal hospitals, asylums and charitable and penal institutions. Invitations also were sent to the Salvation Army, the purchasing board of New York City and the New York state hospital board.

Conferences recently by war department officials and the packing industry agreed to export as much of the 142,000,000 pounds surplus as possible. Institutions, which have been invited to bid on the meats were selected, it was said, because their requirements are sufficiently large to permit them to purchase in carload lots.

## ENGLAND OWES U. S. FOUR BILLIONS

LONDON, May 29.—J. Austen Chamberlain, chancellor of the exchequer, announced in the house of commons today that the present indebtedness of the British government to the American government is \$4,260,000,000 while the various American departments owe the British departments, roughly \$210,000,000. The chancellor said the dollar securities including Canadian securities now held under the treasury deposit scheme amount to just a little more than \$500,000,000 most of which has been placed as collateral for loans in America. In addition to the deposit, Mr. Chamberlain added securities to the value of \$106,111,000 had been purchased by the treasury. Most of these were sold however.

## SENATE ADJOURNS AFTER BRIEF SESSION

WASHINGTON, May 29.—After a brief routine session today the senate adjourned to Monday, because of the absence of many senators for memorial day addresses.

Brevity of today's session prevented further debate on the league of nations. In line with plans of Republican leaders in the house for investigations of war department expenditures and activities, the majority put thru a resolution authorizing committees to conduct hearings on subjects within their jurisdiction.

## WANT CENSORSHIP REMOVED

Washington, May 29.—A resolution requesting the British authorities to cease censoring American mail was introduced today by Senator Sherman, Republican of Illinois. The resolution, which went over under the rules, declared the British censorship was designed largely to obtain business and commercial information.

## ANNOUNCE PLANS OF PERMIT SYSTEM

WASHINGTON, May 9.—Plans for the inauguration of a permit system to control the movement of this year's mammoth grain crop announced today by the railroad administration contemplate the appointment of grain control committees at each primary market, comprised of a representative of both the operating and traffic departments of the railroad administration and a third party representing the transportation division of the United States grain corporation.

Shippers will apply, thru the railroad agent at the point of origin to the grain control committee at the market to which they wish to send their product. If conditions permit, permission for the shipment will be given promptly. Otherwise the shipment will be delayed until storage facilities are such that the grain may be moved without causing freight congestion.

A copy of the permit when issued will be transmitted by the grain control committee to the railroad by which the shipment is to be made so that necessary action may be taken to furnish cars. The system is similar to that which was used in clearing freight congestion last year. "It will be readily appreciated," a statement by Director Hines said, "that not only producers and shippers of grain will be benefited by this regulation but the entire shipping public will benefit and the channels of commerce will be kept free of congestion, car detention largely eliminated and the maximum use of all equipment more highly developed.

"Embargoes without the permit feature have proved highly unsatisfactory. An embargo temporarily stops all traffic. The permit system as applied to grain movement, contemplates a regular flow of grain to each market, to the maximum ability of the consignee facilities at the terminal to unload. It also regulates the current movement according to the ability of the railroad to handle."

## CONDEMNNS GERMAN COUNTER PROPOSALS

BERLIN, Wednesday, May 29.—The conservative press of Berlin condemns the German proposals, especially the financial and military concessions.

The Pan-German Gazette brands the reply as "suicide" and the Post says: "The German people are doomed to slavery between two masters until a new Germany arrives to break the chains. The Tagesspiegel Rundschau says:

"The German reply is fully as depressing as the entente terms."

## GERMANY LOST 198 SUBS IN WAR

BASEL, Wednesday, May 28.—French Wireless Service—Germany lost 198 submarines during the war, according to statistics, the Berlin Voessische Zeitung. This number included seven submarines interned in foreign ports and fourteen destroyed by their own crews.

More than 3,000 submarine sailors lost their lives while several thousand others lost their reason.

## DISCLAIMS RESPONSIBILITY

Paris, May 29.—Frank P. ## SALE WOULD CAUSE COMPANY TO DISSOLVE

NEW YORK, May 29.—The International Mercantile Marine Company, the great shipping combine organized by the late J. P. Morgan will be dissolved if the stockholders at their meeting next month approve the proposal to sell to a British syndicate the British owned ships and assets of the corporation. It is then proposed to distribute all the assets of the International Mercantile Marine among the stockholders. At a special meeting of the board of directors of the Mercantile marine company the following resolutions were adopted: "That it is the sense of the board that in case the proposed sale of the British assets should be approved by the stockholders and the sale carried out the International Mercantile marine company should be dissolved and its assets distributed among stockholders. That such distribution should be made certificates."

## LAST UNIT OF U. S. ARMY LEAVES ROME

## CIRCULATE PETITIONS

Lincoln, Neb., May 29.—Circulation was begun in Nebraska today of petitions for a referendum vote on the action of the state legislature on last January 16 in ratifying the national prohibition amendment according to an announcement by Joh Hopkins of Omaha.

The Nebraska legislature was the thirty sixth state to ratify and its endorsement of the amendment furnished the requisite number of state ratifications to make constitutional nation-wide prohibition effective.

Mr. and Mrs. George Wait of Lincoln, Neb., are here to visit Mr. and Mrs. L. O. Vaughn and Mr. and Mrs. E. P. Cleary.

## DR. SPOONTS BACK HOME ONCE MORE

Returned to Jacksonville Yesterday After Period of Successful Service For Y. M. C. A. in France.

Dr. W. E. Spoonst returned to Jacksonville late Thursday afternoon following a strenuous period of Y. M. C. A. service in France. Dr. Spoonst has gained in weight, Dr. Spoonst shows the effect of his active service at the front and the injuries he received March 23 in a railroad accident near Mimizan, France. Dr. Spoonst reached the U. S. last Monday on the French liner Torrairie, having sailed from LaHavre.

It was September 2 that Dr. Spoonst left Jacksonville to enter the Y. M. C. A. service for which he had volunteered several months before. After remaining in New York City about thirty-six hours he was sent overseas and landed in London. After spending a week there, another week was passed in Paris and then he was sent to Bordeaux and placed in charge of religious work of the Y. M. C. A. in the second region. This included the work in Bordeaux and in a considerable number of army camps and at other stations. He remained in this line of work until the signing of the armistice, and in fact until Christmas.

Soon after he landed overseas Dr. Spoonst made an address to 300 Y. M. C. A. workers in which he told something of his early life and experiences in Texas which led him to seek an education and enter upon religious work. Later these workers were scattered all over France and because of this address many of them sent in requests to the Y. M. C. A. headquarters to have Dr. Spoonst sent out on speaking trips. It was as a result of these requests that shortly after Christmas Dr. Spoonst was detailed for this special work after the management had agreed to supply him with a quartet. The singers were all Y. M. C. A. men of good musical education and for several months this "triangle troupe" the name Dr. Spoonst adopted, went up and down the country visiting the camps where soldiers were stationed no matter where those camps happened to be located.

It was while traveling on a railroad motor car after addressing such a meeting at a logging camp near Mimizan that the accident happened which came near costing Dr. Spoonst and his companions their lives. The motor car going along at a rate of thirty miles an hour, crashed into the rear of a freight train. All the men of the troupe were injured. They were taken in the caboose of the freight train and conveyed to the hospital at Pontenz.

After a week there Dr. Spoonst was sent to a hospital at Bordeaux and subsequently to a hospital in Paris. As the injury to his knee did not recover as rapidly as the surgeons hoped for, he was advised to give up any further plans of work overseas and return to the U. S. At the time of the accident the tour of camps in France was practically completed and it was the intention of Dr. Spoonst and his associates to go into Germany.

Dr. Spoonst returns to the U. S. glad indeed to be at home again but also glad that he was able to have some part in the great work done by the Y. M. C. A. overseas.

## HITCHCOCK ARGUES FOR LEAGUE COVENANT

SPRINGFIELD, Ill., May 29.—"If the covenant to the league of nations is not adopted and we don't provide the machinery to prevent war, Europe will revert to the dark ages," said U. S. Senator Gilbert M. Hitchcock of Nebraska in an address here tonight before the state convention called for the purpose of endorsing the league of nations covenant. Senator Hitchcock characterized the league as a government composed of self-respecting nations organized for the purpose of eliminating war and said it contained the only plan that "would guarantee international justice and peace to the nations of the world."

Rabbi Stephen S. Wise of New York and John H. Walker of Danville, former president of the Illinois Federation of Labor, were other speakers.

Resolutions endorsing the covenant to the league of nations were unanimously adopted.

## JOIN IN LIBERTY MEETING

Monmouth, Ill., May 29.—Delegates to the general assembly of the United Presbyterian Church of North America tonight joined in a liberty meeting celebrating the success of the war emergency committee in raising a fund which put out of debt all of the church boards, a condition unprecedented in the history of the church. Rev. James T. McCrory, D. D., of Bellevue, Penna., was elected moderator today and Rev. D. F. Magill of Pittsburgh was re-elected state clerk.

## BURY LYNCH AT JOPLIN.

Joplin, Mo., May 29.—The body of Jay Lynch who was hanged by a mob yesterday at Lamar, Mo., was buried here late today. Members of Lynch's family who accompanied the body here from Lamar, left for Kansas City shortly before the burial, which was witnessed only by newspapermen.

The Rev. E. H. Sapp, pastor of a local church spoke on "the wages of sin" and offered a prayer, after which the body was lowered in the grave.

## Sale of "VIKO" Aluminum

See the Big Window Display

We are placing on sale, at special prices, a consignment of VIKO ALUMINUM WARE, which we have just received. This experience has given them a complete understanding of VIKO have been making aluminum ware for twenty-five years. There is evidence of this understanding in each article of VIKO ware included in this sale. We mention a few of the special features.

Removable Handles—If, accidentally, the handles of percolators are burned, they may readily and easily be replaced by anyone with an ordinary screw driver.

Durable Welds—All welded parts are attached with pure aluminum and are non-porous, therefore unbreakable. They can't break off as the metal is too hard and tough.

Special Notched Ears—All ears, handles and balls are made of extra quality tinned steel. Aluminum would become too hot. The notched ears hold the ball in handy positions and prevent it from resting on the sides of the utensil and becoming too hot to handle.

## ATTENDED BIRTHDAY SURPRISE DINNER

White Hall Residents Helped Celebrate Birthday Anniversary of Mrs. Elizabeth Allen in Roodhouse—Girl Scouts go on Hike—Other White Hall News Items.

White Hall, May 29.—The Girl Scouts, under the captaincy of Miss Vera Evans, are increasing in numbers, and are beginning to present a more imposing organization of the Bay Scouts. The membership is now around fifty. A troop under Lieut. Mary Ellis went on a hike Wednesday afternoon, and Laura Baker's troop is scheduled for a hike today.

Bert Anderson went to Centralia, Ill., today to attend a meeting of the Order of Railroad Telegraphers, held monthly at various points. The next meeting will be invited to White Hall by Mr. Anderson. He presented the article on "Practical vs. Theoretical Railroadroving" that appeared in the May number of The Train Dispatcher, a magazine.

Mrs. M. A. McCracken and Mrs. J. H. Graves were in Roodhouse this week. On Sunday they attended the birthday surprise dinner in honor of Mrs. Elizabeth Allen, residing six miles southeast of Roodhouse, at which there were 52 relatives present, arrangements for the huge family gathering being carried forward without the least intimation reaching the honored guest. Mrs. Allen was 77 years of age on that day, but

Mrs. McCracken was 77 in January, and was the oldest person present. The two ladies are sisters-in-law. The gathering included two families of four generations each and three families of three generations each. A daughter, Mrs. Oren Mitchell of St. Louis, furnished the birthday cake in red, white and blue. A son, Capt. George Allen, of a tank corps, resides at Detroit, and was a recent visitor. S. P. McCracken of Roodhouse, and Mrs. Mary J. McConathy of Raymond, are brother and sister, both being present.

Mrs. Laura Pritchett and son Edmund are visiting her brother Fred and family at Galesburg. Rev. Leo Howard is in receipt of advice from his son, Lieut. Paul Howard, who has arrived at Camp Grant, stating that he will reach Roodhouse at 9:30 Sunday evening on his way home.

John Hanks son of Homer Hanks, has arrived at Camp Mills, New York, and reports his safe arrival "over here" to his parents in a telegram.

Vern Teepie of Roodhouse, arrived at New York on the steamer Olsego. While on the water a radiogram from him was received by his parents at Roodhouse, and since his arrival he sends a card to the correspondent, saying that he feels fine and dandy.

## "PRINCE CHAP" GIVEN AT DAVID PRINCE

Successful Play Presented By the High School Last Evening.

A fine audience greeted the young people who appeared last evening in the cast of the "Prince Chap," a play replete with humorous situations, pathetic scenes and all the way through replete with opportunities for the display of histrionic ability. Among the characters are William Peyton, an American sculptor in London; his friend, Jack Rodney, Earl of Huntington and an amateur painter and a man of kindly disposition, honest face and easy bearing; Marcus Runyon, a typical English servant, Claudia who appears successively at six, eight and eighteen years of age; Claudia's mother, a woman of culture and refinement who had seen better days. Phoebe Puckers, maid of all work in studio building, frocked, ugly and careless and Alice Travers, an American girl, fiancée of William Peyton.

It is a play in which love, intrigue, honesty and devotion all play a part and of course the right triumphs in the end.

Little Dorothy Tendick six years old, was simply admirable. She appeared in her part with perfect childish artlessness and not a particle of stage fright. The same can be said of Joyce Landers who took the same part at an interval of two years. Both did excellent work.

As Phoebe Puckers, Irene Groves had an ungracious part but did it in a praiseworthy manner. All the others were well up in their parts.

The following was the cast: Wm. Peyton, an American Sculptor.....Vinton Woods Jack Rodney, the Earl of Huntington.....Frank Rexroat Marcus Runyon, an English serving man.....Roger Carter Artists in the studio building.....Yadder.....Perry Correa Yadder.....Frank Carson Fritz.....Glenn Bridgman Truckman.....Glenn Bridgman Claudia, six years of age.....Dorothy Tendick Claudia, eight years of age.....Joyce Landers Claudia, eighteen years of age.....Mary Winchester Mrs. Arrington, Claudia's mother.....Elizabeth Cogswell Phoebe Puckers, maid of all work.....Irene Groves Alice Travers, fiancée of Wm. Peyton.....Harriet Dunlap

**CENTENARY MOVEMENT.**  
MAKES PROGRESS.  
Dr. J. R. Harker is again in the city after a trip to Chicago, where he went to attend a meeting in the interest of the Centenary movement. He reports a most interesting gathering and that the total offering to date exceed \$100,000,000. Eight of the sixteen Episcopal areas in the United States have already gone over the top in the campaign and in many of the others the goal has almost been reached.

This city is in the Chicago area, in which about 85 per cent of the total amount allotted has been pledged. The showing in the Buffalo area is especially fine, and the total there exceeds the quota by \$600,000. The First Methodist church at Detroit is the church reporting the largest amount, its quota was \$150,000 and more than \$500,000 has been offered.

## INCREASES GIVEN TO EMPLOYEES

Capps & Sons Made Important Announcement Thursday—Ten Per Cent. Higher Pay.

The firm of J. Capps & Sons yesterday posted a notice which all employees read with both pleasure and interest—that a 10 per cent. increase in wages has been granted. This order applies to all employees who have served six months continuously and to others as soon as they have served for six months. The company announcement states that the increase is granted because of the continued high cost of living and because the firm feels that a part of the problem of readjustment has already been met and solved. In the business of J. Capps & Sons high production is necessary in order to keep down operation costs and meet competition from similar concerns.

It is no doubt the belief of the management that the increase in wages will also increase production and the change will be mutually beneficial. It is understood that this voluntary increase on the part of the firm will add \$25,000 a year to the wages paid out. The notice as posted yesterday was as follows:

**Notice of Increase.**  
Effective at once, and applying to all employees in all departments of the Woolen Mills and Clothing Factory who have served six months' continuous time longer and to all others as soon as they have served six months time, a 10 per cent increase in weekly earnings of both day workers and piece workers.

Our company has decided to make this voluntary increase in wages in view of the continued high cost of living following the war period and with the purpose of continuing it while present conditions exist and the profits of the business will permit.

Since the armistice in November last, and the cancellation of our government contracts, up to within the last few weeks, our business had been more or less disorganized and we feared as did everyone in the trade, a serious fall in prices of raw materials, finished goods, and in wages. Fortunately in our industry the period of readjustment seems to be partly accomplished and we hope to keep all departments busy for the coming season at least.

Lessened production naturally makes for high costs. High wages can only be maintained if high production is maintained.

To enable us to meet competition and hold the customers therefore, we most earnestly request all of our employees to co-operate with us to the fullest extent in pushing production, in turning out perfect work and in keeping down all unnecessary expense.

Trusting that all of the above will meet with your hearty approval, we are  
Very truly yours,  
J. Capps & Sons, Ltd.

**SOUVENIRS FROM THE BATTLEFIELDS**  
Mason Randle, who has been in service in the medical detachment of the 32d division in France, has sent to his parents, Dev. and Mrs. G. W. Randle, a number of interesting souvenirs from the battlefields. The collection includes a German officer's helmet, a private's steel trench helmet, bayonet from a German gun, a hand grenade and a number of shells. With the souvenirs young Randle sent to his parents the Red Cross brassard which he wore in the battles of Verdun, Chapilly and in some other important engagements. Needless to say this article is highly valued by the young man's parents.

Young Randle is now attending the University college in London, along with a number of other army men who have been in service overseas.

## WILL DECORATE AT ANTIOCH

At Antioch cemetery seven miles east of the city, there are several graves of veterans of the civil war and while Mrs. George Orear was alive she saw that they were duly remembered. Decoration day but of late years they have not been remembered. Today Judge Orear plans to go out and take up the work his esteemed mother did so well. He hopes to be back for the exercises at Centenary church.

## The Ayers National Bank WILL BUY YOUR LIBERTY BONDS AT PAR

On the following conditions:

1. The entire proceeds are to be deposited in our Department for Savings at 3 per cent per annum, payable semi-annually
2. The deposit is to remain intact for one year, at any time after which 25 per cent is subject to withdrawal; the 75 per cent is to remain a second year, after which it is subject to withdrawal.
3. The purchase from any one seller will be limited to \$5,000.

**We Make This Proposition Because—**

1. We believe that some people are selling their bonds at ruinously low prices because they fear a further decrease in price and the eventual loss of part of their savings.
2. We believe that these bonds are intrinsically worth par and are prepared to back up our opinion in this way.
3. We wish a large number of people to know the advantages of our Department for Savings.

The net result of the above operation will be that you will be absolutely sure of receiving par for your bonds and will be in the same position as if you sold the bonds on the market today and redeposited your savings in a savings bank, with the additional advantages that you will receive for your bonds the full price paid for them and avoid a loss of from \$5 to \$6 on every \$100.

## MISS ENGLE GAVE GRADUATING RECITAL

Applicant for Bachelor of Music Degree Pleased Large Audience—Program One Severe in Technical and Musical Demands.

A good sized and appreciative audience greeted Miss Olive Engle at the Woman's College last night when she presented her recital in piano for the Bachelor of Music Degree. The evening was one of real enjoyment for all present, for Miss Engle played with nice tonal discrimination, fine rhythmic sense, wide range of nuance, and genuine musical intelligence.

The program was a severe one in its technical and musical demands ranging from Bach thru Beethoven to Chopin and MacDowell, but all of these diverse styles were successfully set forth by Miss Engle. The program in detail is as follows: Prelude and Fugue in F Minor.....Bach Sonata Op. 26 in A flat.....Beethoven Andante with Variations.....Schubert Funeral March.....Chopin Polonaise in C Sharp Minor.....Chopin Nocturne in B Major.....Chopin Fantasia Impromptu in C Sharp Minor.....Chopin Prelude in C Sharp Minor.....Rachmaninoff Scotch Psalm.....MacDowell Dance of the Gnomes.....MacDowell Idyll.....MacDowell Hungarian.....MacDowell

## FORMER RESIDENT WEDS IN NEBRASKA

Roy David Schofield Marries Miss Theresa May Shelden at North Platte, Neb.—Has Been in Overseas Army Service.

John Schofield has received announcement of the marriage of his brother, Sgt. Roy David Schofield to Miss Theresa May Shelden, which occurred at North Platte, Neb., at 11 o'clock Monday, May 26.

The bride is the daughter of Mr. and Mrs. William Shelden and was educated at Illinois Normal and the University of Illinois. It was while at the latter institution that she met Mr. Schofield. Since graduation she has been teaching art in the public schools of North Platte.

The groom is a sergeant of the first class in the medical corps. He also is a graduate of the University of Illinois. He has been overseas for the past ten months. He recently accepted the principalship of the township high school in Belleflower, Illinois. Mr. and Mrs. Schofield will be at home in that city after September 1st.

## DECORATION DAY ARRANGEMENTS

Everything in Readiness—All Urged to Turn Out This Morning for Calvary and Diamond Grove and in the Afternoon at Centenary Church and Procession to Jacksonville Cemetery.

Arrangements for decoration are now complete and if all goes as promised the day will be a success. The Grand Army, Relief Corps and War Mothers are to go to Calvary and Diamond Grove in the morning and at two p. m. all assemble at Centenary church for the main exercises of the day. At Calvary and Diamond Grove the Grand Army Ritual will be carried out but no salute fired. Instead there will be devotional exercises by Father Sloan in Calvary and Rev. G. W. Randle in Diamond Grove.

For the morning exercises lots of automobiles and lots of people to fill them are urgently desired. The whole exercises at Calvary and Diamond Grove will not take long as the ritual is short. It seems fitting that the graves of nearly 250 veterans should be honored that much and to that end as many patriotic citizens as possible are urged to assist by automobile and their own presence if they have no cars.

Come along and fill the cars promised and let us make a fair showing in the morning. Report on south side square at nine or soon after. Lots of flowers are needed and these may be left at G. A. R. hall, same as Red Men, entrance on South Main street right beside Sieber's front door.

It is the desire to have a goodly number of cars in the procession today. There will be surely no mud encountered in going to Diamond Grove as the road there has been well graded and supplied with cinders.

## The Afternoon

The main exercises will take place in the afternoon as usual. At two o'clock the program at Centenary church will begin and at the close of that the procession for Jacksonville cemetery will form in front of the church with Major C. E. McDougall, chief marshal. In this the veterans will march and the cripples and ladies of the Relief Corps will ride in automobiles prepared for the occasion. Co. C will be in line under command of Lieut. Farrell as Capt. James is out of the city. At Jacksonville cemetery the regular program, taps and salute by Co. C will take place. DeSilva's patriotic drum corps will supply marching music and other organizations will also be in line. All willing to join the procession in cars please be on hand. Some autos for crippled soldiers and ladies are desired. Please report at the church. The following will be the official program:

Music—Patriotic Hymn. Prayer—Rev. J. O. Kirkpatrick. Gen. Logan's Order—Carl Robinson.

Lincoln's Gettysburg Speech—Prof. J. H. Rayhill. Vocal solo—Mrs. A. R. Gregory, Jr.

Address—Rev. J. F. Langton. Reading, "Lincoln and the Sleeping Sentinel"—Miss Mildred Keys of the Woman's College. Vocal solo—George Gunn. Original poem—Judge Wm. E. Thomson.

The Parade. Form in line immediately after services, about 3 p. m. in East State street, Major McDougall, marshal, and Charles Black and T. H. Buckthorpe assistants. It is not definitely known just what organizations will be in line but the following will be about the order: DeSilva's Drum Corps. Company C. Veterans on foot.

All other organizations and all persons willing to march. Woman's Relief Corps and disabled veterans in conveyances. Fire department. Automobiles and carriages. Let there be a large attendance.

Mrs. Mattie Taylor has returned to her home at Longmont, Colorado, after a visit of several weeks with her mother, Mrs. George VanZandt on East College avenue.

## SCHOOL YEAR ENDS AT WINCHESTER

Large Audience Present for High School Commencement Program—News Notes

Winchester, May 29.—The commencement exercises occurred Thursday evening at the Methodist church, with the usual large audience that is always interested in the schools, present. The program as printed in the Journal of Wednesday was carried out.

Dr. Hieronymus gave an interesting address on "The Community and the Schools." The music was rendered by the high school and orchestra and was very much enjoyed. After presentation of diplomas by Dr. Fletcher, president of the board, Wayne Fletcher, president of the senior class in behalf of the high school presented Miss Olive Wells with a beautiful loving cup, showing their appreciation of her services rendered to the schools for the past several years. Miss Wells has resigned her position and will enter upon the duties of superintendent of schools, to which she was elected recently.

P. D. Smith, S. G. Smith and Dan T. Smith returned Tuesday morning from Peoria where they were called by the death of their brother, Gene V. Smith. The funeral services were held at the family home at Minier.

Mrs. Gertrude Demereth and son Nicholas have returned from a delightful visit with relatives and friends in Kewanee, Ohio and Chicago.

Miss Gertrude Mayes arrived Thursday to be the guest of Miss Ethel McClure.

Sgt. Ivan Kenton has returned from Camp Taylor, having been honorably discharged from the army service.

Mr. and Mrs. William Kenton have received word that their son, John Kenton, has landed in New York from overseas. He has been in the army service for nearly a year.

## DR. WILLIAMS DIES AT WINNETKA

Chicago papers make mention of the recent death of Dr. Edward F. Williams at his home in Winnetka. The deceased was in his eighty-seventh year at the time of his death. He was a graduate of Yale college in the class of 1856, of Princeton Theological seminary in 1861. In subsequent years he received honorary degrees from Illinois college, Wheaton college and Adrian college. Although the greater part of Dr. Williams' life was spent in and near the city of Chicago, he was very well known down state. He was an intimate friend of the late Dr. D. K. Pearsons, famous for his educational and charitable work.

The funeral was held at the Wellington Avenue Congregational church in Chicago Wednesday afternoon.

## NOTICE

All union meat markets will close at noon today on account of Decoration Day.

## E. I. WHITLOCK IS MUCH BETTER

Charles H. Story, who with Mrs. Story has been in Chicago for several days, has written of a recent visit to Ewen I. Whitlock at the Presbyterian hospital. Mr. Whitlock was taken to the hospital several weeks ago for observation. It will be with genuine pleasure that Mr. Whitlock's many friends here will learn that no serious stomach disorder exists and that in the course of a few weeks he expects to be back in normal health. When he went to the hospital it was feared that his condition was critical.

Mr. Whitlock has room 707 at the Presbyterian hospital and mail so addressed will reach him.

WHI MAKE ADDRESSES Rev. M. L. Pontius will go to Hillsboro today and will deliver the address this afternoon at Decoration day exercises. This evening Mr. Pontius is to have part in a similar program at Carrollton.

Mrs. Wiley K. Wright, who has been gone at the home of Mr. and Mrs. Easley Moore for several days, left yesterday for Springfield. After a brief visit there Mrs. Wright will return to her home in Holly, Colo.

## PLANS ARE SHAPING FOR HOME COMING

Committee Proposes Proper Reception of All Contingents When Time of Coming is Known—Big Doings on July 4th.

A meeting of the committee in charge of the home coming observance for soldiers held a meeting Thursday afternoon at the Ayers National bank. The general plans were talked over at length and various features were discussed. With reference to special receptions for the different contingents of troops, the reports made impressed the members of the committee with the difficulty of concluding such arrangements because of the uncertainty of the time of arrival of any of these soldiers. It was finally decided to leave this matter in the hands of E. E. Crabtree, general chairman, and H. H. Bancroft, chairman of the reception committee. They were authorized to make reception plans whenever any information came to hand of the arrival of troops.

It must be understood that nothing of an elaborate or very formal kind can be planned for these uncertain home-coming events, but the committee is of one mind that the celebration for the Fourth of July shall be of a kind which will thoroughly impress upon the returning soldiers the fact that the people of Morgan county are genuinely proud of them and appreciate their service and sacrifice.

## Determined on Part of Program

Mr. Bancroft as chairman of the reception committee has a number of excellent ideas which he presented before the executive committee and which were approved. So far as this Fourth of July celebration is concerned only a part of the program has been definitely determined upon. Yesterday Lloyd Reid was chairman of the committee on decorations, was in Peoria and while there secured some information which will be of advantage in a decorative program here. Today Charles F. Eanie will be in St. Louis to make inquiries about entertainment features and will also get information about fire works. At a later time these facts will be laid before the committee in determining the definite program for the events of July 4.

It is certain that there will be a parade and it may move at 11 o'clock in the morning thru the business district and out to Nichols park. The parade from Jacksonville State Hospital with the Alton band will be consolidated with it at the hospital for the remaining part of the line of march.

In event the parade is at that hour the dinner for soldiers will be served at Nichols park and friends and relatives will have their dinner at the same time spread on the grass plots near the soldiers' "dining room." If the parade is in the afternoon it is possible that the celebration at the park and that all features will be confined to the business district and adjacent territory. Whether in the business district or at the park, the program will include a number of interesting entertainment "stunts," or something different from anything before attempted in Jacksonville.

## Outdoor Dancing Planned

The carrying out of the full program down town would mean that the soldiers' dinner would be served in an improvised dining hall on the public square, or some large vacant lot not far distant from the square. In this event, there would be outdoor dancing on some of the asphalt pavements. This plan has been followed out very successfully at a number of other cities at the receptions in honor of soldiers. The asphalt pavements have been thoroughly cleaned and the smooth surfaces have proven excellent for dancing. The spacious "floors" possible in this way make this program sound very alluring to many of the girls and boys who are fond of dancing. There will be plenty of music so that the dancing events can be in progress thru a wide area.

The committee on decorations has such elaborate plans in view that the city will be in gayer colors than ever before. The only thing possible to spoil the pleasure and success of the day will be a continuous downpour of rain and it is very doubtful if even such a downpour could very seriously dampen the ardor of Jacksonville people or their returning soldiers.

## OLD DIRECTORIES NEEDED AT THE LIBRARY.

The Public Library has been asked to exchange directories with the St. Louis Library and it is probable that other valuable directories could be secured for people of Jacksonville by exchange. Therefore the library would be glad to receive any copies of old directories where they are not being used after the new ones come out. A file of old local directories is of course kept at the library and it is felt that a file of directories from other towns would be useful.

**From County  
Agents Office**

**Need of Cattle**  
A survey of Morgan County re- veals the fact that we are in need of pure bred cattle. As a whole, we find that when sales are held and a good animal is offered, it is apt to leave the county. Its up to the farmers of this county to attend sales in other localities and stock up. The breeders association organized last winter might un- dertake the work of bringing in good stock and disposing of it to Mor- gan county farmers. At any rate there is room for a decided im- provement in the cattle found on most of our farms.

**Control of Animal Diseases**  
The farm bureau has made a special effort to control animal diseases in this county. In doing this the U. S. Veterinarians at Springfield have been frequently called in to diagnose contagious diseases of live stock. The Veter- inarians of the county have co- operated with this office in this matter as well as could be asked for. In fact, the U. S. men give us credit for co-operating better in this respect than any other county. Within reasonable limits the con- trol of contagious diseases in this county has been a success.

**Loose Smut.**  
An examination of wheat fields reveals some empty heads. This is the loose of smut wheat. As a general thing, the percentage of loss from this source is very small. Treating seed with hot water is the recognized remedy for this disease.

**Meeting of Executive Committee**  
President Charles S. Black has called a meeting of the executive committee of the Morgan County Farmers' Club for 12:30 p. m., Saturday. A number of important questions are up for discussion, and a full attendance is expected.

## WENT ALMOST AROUND WORLD

Spent Over Five Thousand Dollars Seeking Health—Restored by Tanlac.

Like the man who went to Alaska in search of gold, leaving a lump of the precious metal worth a fortune lying under his doorstep, thousands tour the country annually seeking relief from their many ills. The health resorts are thronged, the hospitals filled, and millions of dollars are spent by those suffering from it when, if they would only believe it, relief often lies within reach and at a cost almost too small to mention.

The evidence regarding the value of Tanlac in the treatment of all forms of stomach trouble is too conclusive to even admit of doubt. In every city, town and community throughout the United States and Canada there are many living enthusiastic witnesses to the merits of the Master Medicine. One of the most interesting of the many statements recently received was made by Mrs. W. A. Southerland, residing at 530 South Second street, Springfield, Ill. Mrs. Southerland is one of the best known and respected women of Springfield. She said:

"What Tanlac has accomplished in my case has been the most complete surprise of my life. I can hardly find words to express the gratitude I really feel over what it has done for me. I had been suffering from stomach trouble and nervousness for eleven years and have been treated by some of the best specialists, not only in this country, but also in London, England and Old Mexico. We have traveled almost around the world and spent over five thousand dollars trying to get my health restored but nothing ever helped me; in fact, I kept getting worse until I began taking Tanlac. I suffered almost beyond words to express from cramps and pains in my stomach after every meal, and was so nervous that I just trembled all the time. I could not sleep and was right on the verge of nervous prostration. I could find no comfortable position at night; my head throbbed and seemed to beat against the pillows, and when morning came I felt exhausted."

"Some of the specialists called my trouble nervous indigestion. Anyway, I could not even eat milk-toast without suffering, and for a long time I lived almost entirely on milk. When we came back to Springfield I was so discouraged and down-hearted that I told my husband there was no use trying any longer, that there was no help for me. About this time I began reading what others said Tanlac had done for them and decided to try it as a last resort. Well, I soon had a good appetite, got so I could digest my food and my suffering ceased. So I bought more Tanlac and a few bottles have completely restored my health, and not only myself, but my husband and all who knew of my dreadful condition, have been surprised at the results I have gotten from Tanlac. I am never the least bit nervous any more, never know what it is to have a restless night, and enjoy three good meals a day and never have a pain or an uncomfortable feeling afterwards. I no longer have that tired, worn out look with that dull swarthy color, but my complexion has cleared up and I look and feel like a different woman altogether. I am making this statement because I want the people who may be suffering as I did to know they can get relief without traveling the world over as I did. I can never praise Tanlac enough."

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wylie Drug Co.—adv.

## SELECT SITE FOR WILLARD'S CAMP

TOLEDO, O., May 29.—Selection of a former club house on the shore of Maumee Bay, less than a mile from Jack Dempsey's training quarters, was made today as the training camp of Jess Willard, who is due here Saturday to finish conditioning for his heavy-weight championship contest with Dempsey July 4.

It was suggested to Tex Rickard, promoter of the contest, that with the camps so close together, the heavyweight rivals might meet on the road some morning and start trouble. Rickard laughed at the idea and said he hoped they would meet.

"The old days of pugilism have passed," Rickard said. "This is a boxing contest for supremacy of the heavy-weight class, and purely a business proposition, the same as a baseball game or other amusements. Willard and Dempsey will be paid performers. Men in other branches of Athletics are friends—why can't Dempsey and Willard be friends while they are conditioning themselves?"

Dempsey is using his sparring partners so roughly that Manager Jack Kearns is having difficulty in retaining them. One Round Davis, a 200-pounder from Buffalo, N. Y., quit the challenger's camp today after receiving another wallop. He was nearly knocked out for the second time in two days.

Ray O. Archer, business manager for Willard brought the surprising information that Willard had been in training since February 1, when he started dieting. He said the champion weight about 274 pounds when he started to train and that he tipped the scales at 258 1-2 when he left him in Los Angeles five days ago.

**NATION'S COMMERCIAL EXPANSION CONTINUES**

Survey Made By Department of Agriculture Shows Holdings Much Larger Now Than a Year Ago.

Washington, D. C., May 29.—Commercial stocks of wheat reported in a survey made by the Department of Agriculture for May 1, 1919, amounted to 98,873,147 bushels. These holdings reported by 9,857 firms—elevators, warehouses, grain mills and wholesale dealers—were nearly three times as large as the stocks held by the same firms a year earlier, the actual percentage being 289.7 per cent of the 1918 stock. The figures refer to stocks actually reported and do not represent the total commercial stocks of the country, nor do they include stocks on farms.

**Visible Supply Figures Compared**

The commercial visible supply figures, as published by the Chicago Board of Trade for May 3, 1918 show 49,502,000 bushels of wheat as against 2,777,000 bushels a year earlier. The corresponding Bradstreet figures show 53,247,000 bushels, as against 7,572,000 for 1918. As compared with the same date last year, these figures, as well as those obtained by the more extensive survey show a very great relative increase in commercial stocks of wheat on May 1, 1919.

**Other Cereals, Flour and Corn Meal.**

The commercial stocks of other cereals reported for May 1, 1919, according to the department's statement, were as follows: Corn 20,000,311 bushels; oats 50,787,249 bushels; barley 25,060,633 bushels; rye 21,736,760 bushels. These stocks represent the following percentages of the corresponding stocks on May 1, 1918: Corn 39 per cent; oats 93.6 per cent; barley 174.1 per cent; rye 418.2 per cent.

The commercial stocks of flour and corn meal, as reported for the survey, were as follows: Wheat flour, white 5,008,528 barrels; whole-wheat and graham flour, 45,868 barrels; barley flour, 24,991 barrels; rye flour, 200,196 barrels; corn flour 10,588,306; corn meal 49,763,019 pounds; buckwheat flour, 22,526,530 pounds; mixed flour, 45,697,035 pounds. These stocks represent the following percentages of the stocks on hand a year ago: Wheat flour, white 118.9 per cent; whole-wheat and graham flour, 41.6 per cent; 44.7 per cent barley flour 3.4 per cent; corn flour, 31.1 per cent; corn meal 37.6 per cent; buckwheat flour, 379.4 per cent; mixed flour 185.4 per cent; rye flour 41.6 per cent.

**Stocks of Selected Commodities**

Elevators, warehouses and wholesale dealers reported stocks

of dry edible beans amounting to 5,862,515 bushels while wholesale grocers and warehouses reported the following commodities in the quantities indicated: Cleaned rice, 103,833,586 pounds; rolled oats 45,578,214 pounds; canned salmon, 115,543,781 pounds; canned tomatoes, 228,197,071 pounds; canned corn, 98,843,065 pounds; sugar, 192,395,926 pounds. These stocks represent the following percentages of the corresponding stocks on hand May 1, 1918: Beans, 130.1 per cent; rice, 125 per cent; rolled oats, 111.8 per cent; canned salmon, 126.7 per cent; canned tomatoes 199.1 per cent; canned corn, 165.9 per cent; sugar, 84.7 per cent.

Stocks of condensed and evaporated milk were reported by condensaries, cold storages, warehouses, and wholesale grocers as follows: Condensed milk, 33,464,078 pounds; evaporated milk 90,752,323 pounds. The holdings of condensed milk reported for May 1, 1919 represented 86.5 per cent of the stocks held by the same firms a year earlier, while the holdings of evaporated milk represented 85.7 per cent of the May 1, 1918 stock.

**REVENUE TAX PAYMENTS**

In order to extend to taxpayers the privilege of paying their income and profits taxes in installments during the year, the Government borrowed funds on short time notes, or certificates of indebtedness, these certificates being issued in series maturing on the dates when the tax installments fall due.

Since June 15 falls on Sunday, such payments reaching the collector on Monday, June 16, 1919 will be accepted in full without interest or penalty. Attention is especially called to the fact that Sec. 250 (a) of the Revenue Act of 1918, specifying when tax payments are due omits the ten-day period of grace allowed under the former law. Failure to pay the second installment on or before June 16 will necessitate the addition of penalties and interest.

Taxpayers are requested to bear in mind that all of the balance of tax due may be paid at this time and thus reduce the bookkeeping expense in the collector's office and aid the Government in meeting the obligations falling due June 16.

If you hold certificates of indebtedness dated August 20, 1918 January 16, 1919, or March 15, 1919 please use them to pay your tax.

Every taxpayer's account has been assigned a number for identification purposes. Please refer to it in all correspondence with the collector's office.

You are urged to pay your income tax in full at once if you can do so without inconvenience. You should forward your remittance to the collector accompanied by the assessment notice bearing your account number, full name and address plainly written.

**HERE YOU ARE—A GOOD STOCK FARM**

At a low price and on terms that anyone with a little pep and a snap can soon pay out on.

Farm contains 142 acres, about 35 acres fine branch bottom land on it worth \$300 per acre, balance hill land. At present there is about 80 acres in cultivation balance is in timber with a lot of brush on it; also blue grass. Farm has been rented for a number of years and is not as good condition as it should be. There is a lot of straightening up of fences and cutting brush and getting the timber out so the grass can grow.

Improvements consist of a good two story house, and barn, some other buildings, good water, located 5 1/2 miles S. West of Arenzville. Price is \$100 per acre and terms can be arranged so that a good hustler can make some quick MONEY.

**Time Brings Joy And Happiness**

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mothers' Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours of the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from disfigurement.

Write to the Bradford Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, or their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can find.

## "With the Colors"

Letters of Interest from Morgan County Boys in the Country's Service.

FROM CORP.  
ARTHUR JOHNSON.

April 25, 1919.

Dear Folks:  
I am well and feel fine. I just arrived back from Paris yesterday. I suppose you think I ought to have written you a few letters while I was there but I was just so busy that I did not have the

time. I knew I could write some time when I could not be in such a place as Paris. Of course you know we only have three days to Paris, although some of the boys get to celebrating so much that they forget to go back to their organizations. And some times stay a day or so over time. Well that way may suit over time, but they generally get some sort of a court martial and part of their pay deducted for a month or so. So I figure it the most profitable to get back on time. So as for me they can bet on my getting back. And I think I have had my share of leaves. If you come back from leave some time a few days later, your company commander is sure to remember you when you next ask for leave. And nine times out of ten he will tell you that he is going to send some one that can get back on time.

We sure had a fine time, but of course one can not see all of Paris in three days, so there is a lot of it that I did not see and I was moving around most of the time. I don't think about sleep. So after all we were about ready for going to Carisby by the time our time was up. I got here about three o'clock yesterday and got to bed and stayed there until about ten o'clock this morning. So now I am feeling fine, ready to go to Paris again.

Now I suppose you want me to tell you all about the town. Well I am not going to do that for that is too much trouble. But you have read and heard of Paris. I have seen it, that's about all the difference. I saw and was in the church that was hit by the long range gun, where eighty people were killed and more than that number wounded. Also saw the King's palace which cost at least one hundred million dollars to build. That was a very nice place of course, (all as nice as I ever expect to build). I saw Napoleon's tomb. That was a grand thing sure enough. If they were to build such as that for me after I was dead I would hardly know how to feel or how to appreciate it. I saw the aeroplane which belonged to Captain Guynemer, the 19 year old French aviator who was credited with bringing down over one hundred German airplanes. With the machine I saw he brought down 19. But he

afterwards was killed. They tried to get him to quit flying for he had won every kind of medal the France could give. So they asked him what more he wanted. He said he wanted a wooden cross, and now I guess he has that. But I believe I am still like the Irishman. I would rather be a live bum, than a dead hero.

I also took a ride in the largest Ferris wheel in the world. It was four hundred feet high. I think I sent you a picture of it. If so, you can look and see that smoke stack and it is a very high one. So you can judge for your self about the height of it.

I saw lots of other things that I am not going to take time to write about. Oh, yes, one more thing. I saw a picture of the war. It was started in the beginning of the war was finished about the close of the war. There were nineteen artists painted on the picture all of the four years, so I must say that is sure a wonderful sight. I will try and tell you something about it when I get home. Say do you think I will be able to tell you anything about it in ten years? Col. Stilwell of this Co. went with me, also a Capt. out of G Co. whom I am well acquainted with, so I was not alone. And our old 1st Sgt. also went. He was transferred to H Co. Only about 30 out of a division are allowed to go so I think we were lucky to get to go together. After I got to Paris I got a pass to go to Rheims, a city all torn up in the war. But in the mean time I lost my pass so I did not go. If I had gone I might have gotten some kind of a souvenir up there. They say there are lots of Germans up around there that are lying just as they fell. I imagine that would be some sight to see.

Well, I think I would get to see a lot of the battle fields and also London and Rome, Italy. If I were to enlist in the army to stay over here for a year. But I think I will come home instead. There will be plenty to tell about all of those things anyhow.

I can't say that I have had a hard time in the army. I really like it, and if I did not have a good home to go to when discharged, I sure would stay in the army.

I want to say a few things about the Red Cross. That's the best thing that ever happened. We got all we wanted to eat for three francs a day or in real money it would be thirty cents. We also got some ice cream while there, the first I had seen since in France. I told the other boys I was almost afraid to eat any of it. The Red Cross feed any kind of a soldier and they said they even fed some civilians that proved to be hungry and out of France. So any time you have any money to donate I advise you to deal with the Red Cross.

I met a Red Cross girl from Chicago and one of the Texas boys met one from Texas both at the same place. So we had quite

a conversation. This girl from Chicago wanted to borrow a fountain pen from some one that was at supper. Said she would give it back at breakfast. But as we had traveling orders that commenced at ten that night I told her that I would be afraid I would never see her again and I sure did not want to lose my pen, so I did not lend her the pen. She said she wanted to write to her girl friend in Chicago and tell her about all the boys she sees running around with French girls and never think of them only when they want something to eat. Of course I argued with her and tried to make her believe that an American soldier would not do that. But she had been in Paris so long that I had no business arguing with her on that line. So I told her that was nothing more than was to be expected. And I told her I saw her that very evening out walking with a French soldier. Say she got mad, that is she acted so. Of course they never get mad. But I swore up and down that I sure did see her and told her just where and everything. I guess she thought I really meant it. Of course I didn't for that was the first time I had ever seen her.

Just a minute I must go get me a candle. It is getting too dark to see. Guess I will finish as I have more light on the subject.

Say, did I tell you about going thru the room where peace was going to be signed? Well I did, and when we went in there we had a guide, of course, a Red Cross woman. She reminded me a great deal of Miss La Velle. She sure was proud of her boys. There was a general along, only a one star. I used to be afraid of a captain, but after I got to be one, I find they are only human after all. And not quite so much that as a buck private. Well what I was going to say, this general didn't seem to stay very close to the boys and did not seem to care to hear her explain things so she just walks out to him and says, "Here young man, if you are going to be one of my boys you had better stay around where I can keep my eyes on you."

Well, as we were in the room and had all of her boys quiet, she told us that there was where peace was going to be signed. I said, "yes it may be if peace would ever be signed."

We would ride on about every subway we would find and that was a lot of them. It only cost three sous to ride all day if you wanted to. Of course that was about a lb. of this money here, but it equaled only three cents of real money.

One of the boys says "While we have the opportunity let's ride all over Paris." So I said "All right, if so let's get out of those subways, this is riding under it. So then we went to riding on street cars and taxi cabs. You know they have first, second and third class cars in every thing over here. And a soldier is never supposed to ride first class. So they only sell you second class tickets. I told the boys that 1st class was good enough for us. So we just rode first class. Of course they would come around and want more money. Some times we would give them the extra and some times we would act as tho we could not understand and tell them this was good enough for us and so on. I bet they thought we were some soldiers.

You need not ever ask me anything about my Paris trip I have told you enough about it. Next I want to go to London or Literberry. I'll take Literberry. Your Bro. acting as soldier, Capt. Arthur E. Johnson, Co. F. 142 Inf.

From William George

Mr. and Mrs. D. W. George received a letter from their son William enclosing a bronze medal struck by resolution of the Town Council of Verdun in honor of the gallant defenders of that devoted city. On one side of the medal shows a helmeted woman, sword in hand, exclaiming "On ne passe pas" (you cannot pass). The reverse side shows one of the gates to the city of Verdun. Accompanying the medal is an address of the Town Council which reads as follows: To the High Chiefs, Officers, Soldiers to All

The heroes, known and unknown, both dead and living, who have triumphed over the barbarians' onslaught and immortalized her name thruout the world and for ages to come, the Town of Verdun, inviolate and standing on her ruins, dedicates this medal in token of her gratitude.

Below we give the letter of Private William Ewsley George of the 29th Engineers:

Dear Mother: We have moved to Romagne again and from here we expect to survey graves in Belgium, Luxembourg and Germany, but of course I may not be assigned to service in all of these places. We expect to finish up everything and return to Langres by June 1. And then—(?)

I'm sending you a Verdun medal. I was in that city again today. The gateway to the medal is an exact likeness of one of the entrances to Verdun. Some war correspondent has said that if he were to choose the greatest honor in this war he would be one of the private soldiers who defended Verdun in 1914.

There is an underground passage under the city to accommodate 20,000 soldiers—with electric lights and railways.

I'm sleeping in a tent now, but it will not last long.

With love, from

Your loving son,

W. O. George.

A. Co. 29th Engrs.

Romagne, April 28, 1919.

During the war the 29th Engineers were chiefly occupied in making war maps from photographs taken from aeroplanes, with characteristic Americanism

they were hustlers in this work. They had map presses mounted on auto trucks and reeled the maps off on the run and right up to the firing line and where they could be distributed in time to render invaluable service.

Since the signing of the armistice this regiment, every member of which is a college or university graduate, has been occupied in surveying and registering the graves of fallen Americans who battled at St. Mihiel, the Argonne Forest and other places.

HAWKER DEPRECATES AMERICAN CAUTION

LONDON, May 28.—(By The Associated Press.)—Speaking at a luncheon given by the Daily Mail today in his and Lieutenant Commander Grieve's honor, Harry G. Hawker, deprecated the organization which had won for the United States the honor of the first crossing of the Atlantic by a heavier-than-air machine. He declared it was not a serious attempt, with a ship stationed at "every twenty yards."

"If you put a ship every fifty miles, it shows you have no fight in your motor."

This was greeted with absolute silence on the part of the men gathered at the luncheon, numbering between 250 and 300 nearly all of whom were British. A minute before they had cheered heartily the statement that the American navy aviators had been successful in reaching Europe.

SCOTT SUCCEEDS COLBY

Washington, May 28.—Lieut. Commander T. A. Scott of New London, Conn., has been selected to succeed Bainbridge Colby as member of the shipping board.

Lieut. Commander Scott served during the war under Admiral Taylor, chief constructor of the navy and had charge of the navy salvage operations.

A few weeks ago he was placed on the reserve list.

Sales of Flaxolyn Increased 670% the past 6 months  
Reason: The 12 Wonderful Herbal Ingredients

Here, as in a hundred other cities, Flaxolyn's popularity is little short of phenomenal. Twelve months ago this tonic and up-builder was little known except to physicians. Then, as now, physicians used quantities of Flaxolyn.

Early this year, 1919, we began telling people about Flaxolyn's twelve wonderful contents. Immediately sales jumped. We outgrew one factory and moved into another with ten times the capacity.

There are remedies which relieve one ailment, but Flaxolyn relieves almost all organic disorders. It gives the human body a general overhauling.

JOS. RIESE, M. D.

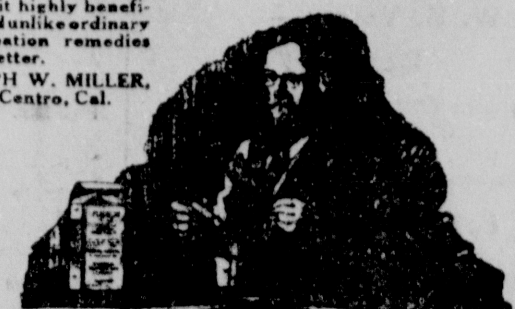

La Crosse, Wis., says:

I am glad to inform you that your Flaxolyn is doing wonders. We have given it a fair trial and find it a positive remedy for such ailments as befell the stomach, liver and kidneys, and for many other diseases.

I use it in cases of dropsy also. It regulates the bowels and purifies the blood. It brings the blood into perfect circulation, and nourishes the whole system.

Used one box and found it highly beneficial and unlike ordinary constipation remedies—far better.

## High Gloss Finish is Hard on Your Linen

To obtain a "high gloss" finish requires friction and excessive pressure. This mashes the linen, causing it to break at the fold on collars and cuffs.

With our smooth domestice finish this does not occur. A trial will convince.
